MY PATH

Why choose

PATH

- Personalised journey - choose the therapy area, topics and learning styles that suit you
- Training facilitated by experienced Clinical Consultants
- Clinical modules with evidence based content
- Materials to suit all levels of healthcare professional
- Assistance to support and promote events
- Strategic Healthcare Partners (SHP) support to provide learning reinforcement through pathway development
- All educational modules are accredited

Choose the educational style that suits you

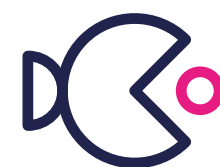

e-Learning

- An easy access self-learning platform
- Education split into manageable modules covering a range of topics and therapies

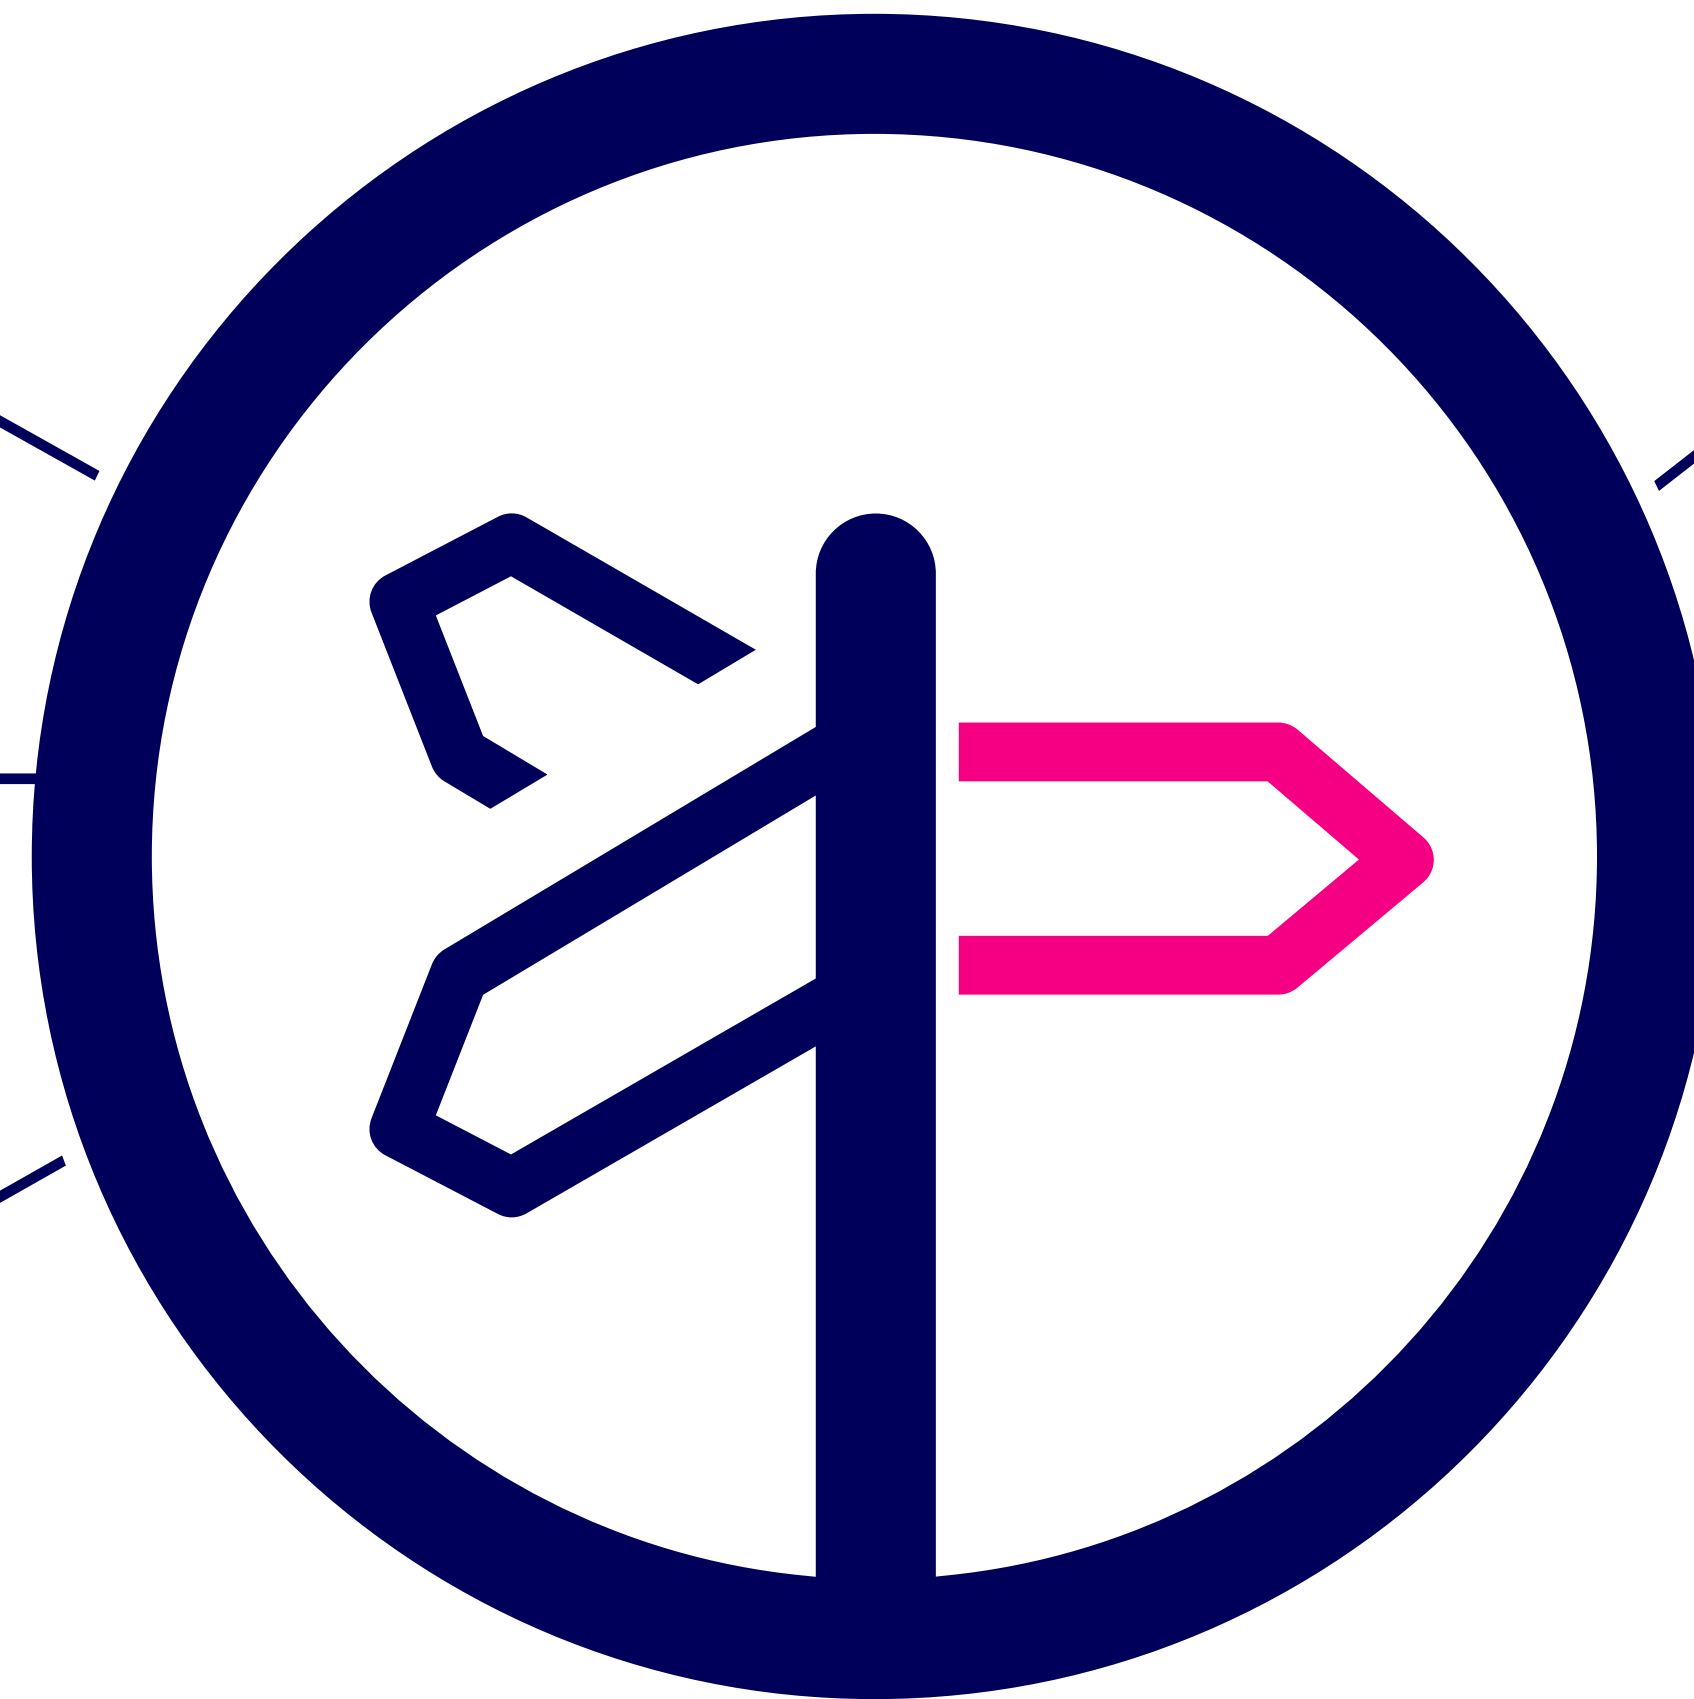

Webcast

- A series of education programmes on a range of topics and therapies with key clinicians
- Programmes can also still be viewed after the event if you couldn't make the live stream

Bitesize Learning

- Short engaging modules designed for busy healthcare professionals
- Delivered by experts in their field, covering a range of topics and therapies
- Join for live presentation or access remotely
- 30 mins - 1 hour per module
- Post event reflective learning booklet, certificate of attendance and feedback form

Masterclasses and Events (including Practical Product Workshops)

- Face to face branded training in association with Essity's key healthcare products
- The opportunity for you to create your own local bespoke study day by selecting from a range of Masterclasses
- Select the topics to meet your team's training needs
- Event support includes:
 - Help with agendas and promotion to your targeted delegates with personalised communication materials
 - Training support materials and clinical speakers for your chosen topics
 - Training pack for each delegate includes summary of learning, references and further reading
 - Lunch and refreshments
 - Certificate of attendance towards your CPD
